新年快乐

Happy Chinese New Year!

I would like to take this opportunity to wish all members, friends of the IFoA and their families a very happy Chinese New Year of the Dog. The dog symbolises many qualities that we hold dear to our profession, such as loyalty, honesty and prudence. I hope that we can continue to work together to drive our profession forward this year, in line with these values.

I do hope to see you at our Asia Conference 2018, being held on 10-11 May in Bangkok.

Wishing you all the best for the year ahead.

Derek Cribb, Chief Executive and **Colin Wilson**, Immediate Past President,
Institute and Faculty of Actuaries
